

FISCAL NOTE

SB 61 - HB 406

March 3, 2003

SUMMARY OF BILL: Specifies that a mother may remove her child from the child restraint in a motor vehicle to tend to its other physiological needs in addition to nursing as provided for in current law.

ESTIMATED FISCAL IMPACT:

Decrease Local Govt. Expenditures - Not Significant
Decrease Local Govt. Revenues - Not Significant

Estimate assumes mothers attending to other physiological needs of a child will not be charged with failure to use a child restraint system (a Class C misdemeanor) resulting in a decrease in expenditures for confining violators and a decrease in revenues from fines not levied or collected under the provisions of the bill. These decreases are estimated to be not significant.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
